| Work Package | 7 |
| Type of deliverable | Net-UBIEP brochures |
| Format | PDF |
| Dissemination Level: | Public |

B. Short Description

The brochure of the project has been produced by ENEA and then translated into the different national languages. The printable brochures are downloadable from the national web sites.

The other dissemination materials are: the newsletter and the news.

Each web site has his own space for the communication in the national languages. To this report are attached only the brochures.
